

Comprehensive Drainage Study For Sunset Cliffs Natural Park

Public Meeting

6:30 – 8:30 PM Wednesday, July 20, 2011
Jim Howard Hall at Robb Field in Ocean Beach

The purpose of the meeting is to present alternative drainage strategies for both the linear and hillside sections of Sunset Cliffs Natural Park. Information will be presented regarding costs, constructability, and general environmental impacts. The City of San Diego invites public feedback and plans to move forward with a selected alternative after gathering public input.

Notice placed by Sunset Cliffs Natural Park Council
