Action Items

1. Liberty Station Development – Concern over development at Liberty Station by local residents, including recent proposal by Corky McMillin Companies to renovate North Chapel for commercial and restaurant use. Escalating rents in the \$3 per square foot range and above are pushing out local artists

--Ronald Slayen, community member / Nathan Cadieux of McMillin Companies.

In back and forth commentary, Cadieux said McMillin is seeking a commercial tenant to occupy the North Chapel but says it does not have one as yet. Cadieux said McMillin is committed to following a precise plan. In answer to questions, he said SOHO (Save Our Heritage Organisation) must approve changes but project is Process One and could bypass planning board.

Two churches use the facility and it is the scene of weddings.

Alan Ziter, executive director of NTC Foundation, said rising rents are pricing out artists but that is a separate issue to be dealt with later – he was invited to return in April.

but has no commitment from a potential occupant.

Moved by David Dick, seconded by Don Sevens to refer matter to Project Review Committee with goal of returning to full board in April.

Carried 8-0. Yes: Clark, Dick, Goldyn, Hare, Holasek, Krencik, Quinn, Sevens. No: 0. Abstention: Linney (chair). Absent: Coons, Miller (resigned). Election duty: Herrin, Kosmo, Lohla, Virissimo

2. Recycling Center Located at Stumps Community Complex =

Update on Stump's recycling center, facing eviction, and forum for community input. Possibility of letter to Council Member Lorie Zapf asking her to engage with San Diego legislative delegation to modernize siting conditions and other reforms, and to take the lead in finding a replacement recycling site in District Two that does not impact residential homeowners. Don Sevens.

Jamie Prince, owner of the three-location Prince Recycling, said he has been turned down on every alternative site he has sought. He sees this as a homeless problem, a (State Senator) Toni Atkins problem.

After members of the audience spoke without being recognized and refused directions from the chair, SDPD officer David Surwilo directed the audience to act in a civil manner. He said no one would be taken into custody but that the meeting could be suspended.

Prince said he is proud of recycling 1.5 million pounds in five years and that only a small percentage comes from the homeless.

Audience members disputed whether vagrants hang out or cause problems.

Norm Allenby, a retired attorney and former planning board member who lives across the street, said the move to the Stump's site came as a total surprise and that Prince initially was not in compliance with regulations for a large facility. (Prince later downsized, at least in theory.) Allenby mentioned noise issues and that property values have dropped

3. Point Loma Summer Concerts – Recommendation to approve letter in support for

Point Loma Summer Concerts. Kerri De Rosier.

She said the lineup includes an Elton John band, Young Guns Country, Full Strength Fun, Mighty Untouchables and a Michael Jackson band.

5. Proposition D review – Recommendation to the PCPB by approved motion of its

Long Range Planning Committee to approve a letter to the City Attorney requesting review on the interpretation of Proposition D, with supplemental clarification to provide clear intention of the PCPB on the topic. James Hare of Long Range Planning Committee. He said the committee voted to send the three-times-rejected letter request back to the board for approval.

Kosmo said he would provide notice of a one-year vacancy and offered to extend his service (as did Brad Herrin and Margaret Virissimo) to processing applications. Deadline for applying would be Monday April 16.

Moved by Fred Kosmo, seconded by David Dick to retain committee, set deadline of April 16 for applications. Carried 9-0. Yes: Clark, Dick, Goldyn, Hare, Holasek, Kosmo (physically present for this vote) Krencik, Quinn, Sevrens. No: 0. Abstention: Linney (chair). Absent: Coons, Miller (resigned). 4. (Applicant arrived). 4294 Voltaire Street CDP/SDP - Project No. 490282, 4294 Voltaire Street, Zone CC-3-5. Coastal Development Permit and Site Development Permit for the construction of a new 6,752 square foot mixed-use building on a 0.19 acre site.

Coastal (non-appealable) overlay zone. Applicant: Kien Troung.

Mark Krencik voted 2-1 to recommend approval and that the mixed-use project was consistent with requirements on Voltaire. It has seven parking spaces for commercial and four residential units. An exiting issue was resolved and that the best way to resolve a catch-22 City parking requirement was to ditch one ADA space.

Goldyn: There is no front door. I would like a front door.

Dick: These are one bedroom, two-bath units. I am suspicious about dens and parking.

(First motion). Moved by Mark Krencik, seconded by Don Sevens to recommend approval. Motion failed 4-5. For: Krencik, Lohla, Sevens, Virissimo (back from election duty). Against: Clark, Dick, Goldyn, Hare, Quinn.

(Second motion). Moved by David Dick, seconded by Don Sevens to recommend approval with request to City to consider adequacy of parking. Motion carried 8-1. Motion carried 8-1.
