Dear Mr. Goldyn:

This is regarding a proposal to install 2-hour time limit parking on the east side of Voltaire Street between 4222 Voltaire Street and 4234 Voltaire Street. We have received a petition in support from the businesses representing the majority of the frontage along the subject portion of the street.

The purpose of time limit parking is to generate parking turnover that will benefit the business's needs. Based on the parking duration study performed on this segment, time limit parking has been determined to be appropriate on this segment of Voltaire Street.

It is our practice to seek input from community planning groups prior to making a final decision on the installation of time limit parking zones. Enclosed is a sketch of the location showing the proposed 2-hour time limit parking zone. If you have any further questions regarding above issue, please contact Oscar Cortes at (619) 533-3716.

Sincerely,

Oscar Cortes
