Mayor Faulconer, City Attorney Elliott, Councilmember Campbell,

The Peninsula Community Planning Board supports a letter dated March 14, 2019 submitted by the Ocean Beach Mainstreet Association, urging city leaders to take action on an ordinance restricting vehicular camping. Sleeping/camping in cars puts an undo burden on the beach communities. It creates the same problems with sanitation and public health that led us to the Hepatitis A outbreak last year.

The beach communities are ill equipped to handle this large influx of sleepers/campers. In addition, we don't want to be forced to add "vehicular vacation rentals" the the growing list of problems we face in our communities.

Please fight for our communities and support a quick resolution. The foregoing said, the Peninsula Community Planning Board reserves the right to comment and advise regarding the form and specifics of any regulatory control proposed in regards to this matter.
