RE: Bicycle Boulevard designation and community plan amendment

The Peninsula Community Planning Board (PCPB) requests that the City of San Diego designate a Bicycle Boulevard as an updated amendment to the community plan. The Bicycle Boulevard would connect Liberty Station from Laning to Rosecrans West, right on Poe Street, left on Locust to Nimitz Boulevard.

These streets are in very poor condition and should be reconsidered for resurfacing and at that time, it is recommended that traffic calming, signage and street marking improvements be made to support safe walking and biking in the area.

Optional consideration is to make a right onto Newell from Locust and a left onto Evergreen to Nimitz. Space would need to be created through bushes with proper access, but this could be as a longer vision for improving this intersection as Evergreen to the west has been reclassified to a Bicycle Boulevard already and would be the direct access.

Thank you for your time and consideration on this matter.

Sincerely,

Frederick Kosmo,
PCPB-Chair
