Mandy shares the spreadsheet containing the current projects and areas of need within the community in regard to traffic and transportation. Rosecrans is currently the biggest issue.

Attention needs to be paid to the timing of the traffic lights within the peninsula, as they seem to be functioning improperly, causing unnecessary congestion. West Point Loma, Voltaire, and Sunset Cliffs all have issues with traffic congestion. Rosecrans and Talbot are another intersection special attention should be paid to.

Ongoing item.

b. Discussion of proposed traffic safety mitigations and next steps regarding traffic safety mitigations along Rosecrans and the surrounding neighborhood area. Start compiling a list for possible consideration.

This ongoing item will continue in the next meeting.
