**2. List any education / experiences which you feel qualify you for this job:**

I have 45 years of experience in the construction industry, most of that here in San Diego. I currently work as a claims consultant and that work has made me a document expert. I've had lots of experience with the city as well regarding development projects. I have a degree in Journalism.

**3. Provide your involvement (years) or memberships in local community / business organizations:**

I've been involved with the PCPB since 2006 having served as a member twice and as chair twice as well.

**4. Share your special interests, expertise or philosophy as it relates to the Peninsula Community:**

My expertise comes from my career experience in the building industry. My special interests are the 30-foot height limit, granny cottages, and bird-dogging development in Point Loma to protect the community. I am not anti-development but I am anti-development done solely for profit by outsiders.

**5. Share anything you wish to accomplish as a member of the board:**

I would like to see the board take on a stronger defense of the 30-foot height limit, the 50% rule demolished, and see some sanity brought to the new granny cottage rules.

**6. Below is a current list of the standing committees and liaisons of the PCPB. Check any in which you would be interested in joining or supporting.**
