Mr. Suhail Khalil, Chair  
Peninsula Community Planning Board, Chair  
Point Loma  
San Diego, CA 92106

Dear Board Members,

Thank you for considering the merits of the Water Wise Park opportunity we presented at last month's meeting. Our sincere goal is to work with you individually and collectively as partners, to make sure community and subcommittee objectives are served throughout the process, beginning with the feasibility phase. Not wishing to let the \$50,000 for its feasibility slip through our fingers, we are now asking you to endorse an appeal to Mayor Sanders. The California Coastal Conservancy requires his assent before funding a feasibility inquiry. We assume that you will have input and questions prior to making such a commitment, and we look forward to hearing from you at the August meeting.

Sincerely and gratefully,

Ned Daugherty, L. Arch, RLA
