Re: Request to install NO PARKING from 10 PM to 4 AM street signage and City of San Diego Regulation and Rules signage to existing posts along Sunset Cliffs Boulevard

The Peninsula Community Planning Board (PCPB) requests that the City of San Diego install NO PARKING from 10 PM to 4 AM street signage and City of San Diego Regulation and Rules Signage along Sunset Cliffs Boulevard starting at Adair and ending along both sides of Ladera (ENCL (1), refers). Signs should be affixed to existing signage posts as to minimize impact of digging into the cliffs.

Additionally, the PCPB supports the following mitigations:

- Request increased San Diego Police Department funding for more police presence and enforcement of Sunset Cliffs Blvd and park area on a continual basis to address observed traffic safety, traffic speeding through residential streets, parking and criminal violations witnessed by local residents.
- Additional striping of red paint to extend the existing red striping along the curb at the corner of Sunset Cliffs BLVD and Ladera Street to allow for additional maneuvering space for emergency vehicles when turning on and off Sunset Cliffs Blvd. In addition to the previous striping request, the PCPB request additional red striping near the fire hydrant on Ladera and the storm drain located along the western side of Sunset Cliffs Blvd in between Carmelo Street and Ladera Street.
- Closing gated parks and posting no overnight parking in city parking lots along Sunset Cliffs.

The Peninsula Community Planning Board voted (00-00) to approve this request.

We appreciate your support.

Sincerely,

Fred Kosmo,
Chair, PCPB
