RE: Prioritize funding for Chatsworth crosswalk and pedestrian island at Plumosa Park

On October 15, 2020, the PCPB wrote to the traffic engineering office supporting a resident-initiated request for pedestrian safety improvements on Chatsworth Blvd to increase access to Plumosa Park. As of the time of writing this letter, the Capital Improvement Project B21117 (Chatsworth Blvd RRFB & Ped Refuge Island) is partially funded, with the design set to complete in FY23. We request that your office prioritize funding the completion of this project so that work can proceed as soon as the design phase is completed.

Thank you for your time, and efforts to prioritize Vision Zero in our community.

The letter was approved unanimously with a vote of 00-00.

Sincerely,

Frederick Kosmo,  
PCPB-Chair
