Subject: Request to Pause Installation of Proposed Cell Towers and Conduct Permit Review

The Peninsula Community Planning Board strongly requests the City of San Diego's attention and immediate action regarding the installation of proposed cell towers on the Rock Academy premises. It has come to our attention that concerns have been raised by the public regarding the installation of wireless towers on the Rock Academy premises. Considering these concerns, we believe it is essential to undertake a comprehensive review of the permits issued for this project.

We urgently ask that you pause the installation process and thoroughly review the permits associated with this project. Our primary concern is to ensure that the proper permits were issued for the installation of these wireless towers and that the public has been duly informed and given an opportunity to provide their input. Additionally, we request that the City of San Diego, through appropriate departments, thoroughly examines the permits and conducts an extensive review to verify their accuracy and compliance with relevant regulations and guidelines.

Furthermore, we kindly ask that the findings of this review, along with the supporting documentation, be reported back to both the Peninsula Community Planning Board and the public. Transparency and accountability are of utmost importance to us, and we believe it is vital for the community to be informed about the results of the permit review process.

The Peninsula Community Planning Board is deeply committed to safeguarding the interests of our community members by ensuring the proper implementation of infrastructure projects. By pausing the installation of the proposed cell towers and conducting a diligent permit review, the City of San Diego will demonstrate its commitment to ensuring the proper implementation of 5G cell phone towers that directly impact the community. We are confident that your careful consideration of this matter will serve the best interests of all parties involved.

Thank you for your attention to this important issue. We appreciate your commitment to serving the public and kindly request a prompt response regarding the action the City of San Diego will take in response to our request. This letter was approved unanimously with a vote of 10-0.

Sincerely ,

Frederick Kosmo
PCPB-Chair
