RE: Request traffic safety mitigations and lighting be installed along north bound Nimitz at the right turn ramp to head east on West Point Loma Boulevard

The Peninsula Community Board and community members would like to advocate for safety improvements at the crosswalk located on Nimitz and West Point Loma Boulevard. At the discretion of the city, we respectfully request the following mitigations:

- Additional signage to alert drivers of the crossing area.
- Pedestrian Crossing Striping be painted on the street leading to the crossing area.
- Rumble bumps installed before the crossing area.
- Installation of a raised crosswalk.
- Installation of a streetlight over the area to promote visibility of pedestrians in the dark.

We believe these recommendations would help improve the safety and visibility of pedestrians utilizing the crosswalk at this intersection.

The letter was unanimously approved with a vote of 11-00.

Thank you for your support and time and consideration on this matter.

Sincerely,

Frederick Kosmo,
PCPB-Chair
